

REQUEST FOR PROPOSAL
HIRING OF AWARENESS CAPACITY BUILDING AND TRAINING SERVICES PROVIDER UNDER
ACCELERATED ACTION PLAN FOR REDUCTION STUNTING AND MALNUTRITION IN SINDH
LIVESTOCK SECTOR

Background

The Government of Sindh has approved Accelerated Action Plan to reduce stunting and Malnutrition in Sindh. The goal of the AAP is to reduce stunting from 48% to 30% in first five years (by 2021) in Sindh by increasing and expanding coverage of multi-sectoral interventions, that are known to reduce stunting in first five years of children's lives. The production sectors (agriculture, livestock, and fisheries) contribute to achieving this goal by increasing the number of households that consume a diverse and healthy diet, especially, those households with pregnant and lactating women (PLWs) and children under the age of 2. Livestock will contribute by building the livestock (goats + backyard poultry) assets of poor households, PLWs, Widows with children and deprived landless people and enhancing livestock productivity by providing enhanced vaccination and livestock management advisory services to the farmers and general awareness for consumption of diversified and animal origin food.

Scope of Assignment

Standardized Capacity building/ training and awareness services are required for malnourished, stunted, poor and targeted families with livestock to ensure the access and consumption of diversified and animal origin foods, by products and better housing and management of their livestock for improved productivity including implementation of capacity building sessions with due considerations to the environmental and social standards agreed as part of the Program design.

- Carry out awareness sessions on stunting, malnutrition, livestock handling, access and consumption of diversified and animal-origin foods to malnourished or stunting vulnerable families/ VBOs in collaboration with the Program Implementation partners at each of the selected districts.
- Prepare high quality, standard training manuals and awareness brochures and IEC material for the target families of the program.
- Organize, manage, and provide trainings to targeted families/ VBOs having livestock on livestock management, disease management, disease prevention, animal nutrition, housing and enhanced productivity of their livestock.
- Pre and Post Training Assessment and Evaluation.

Requirements from Interested Parties

The proposals are invited from proven and well reputed capacity building / training services provider from non government organization or public sector organizations having vast experience of capacity building of communities, youth and working in close coordination with rural communities, management of livestock with excellent project implementation track record. Further details regarding the scope of work, project structure, and other requirements are given in the request for proposal (RFP).
