GOVERNMENT OF SINDH
LOCAL GOVERNMENT & HTP DEPARTMENT
Karachi, dated the.18.01.2018

REQUEST FOR PROPOSAL FOR HIRING NGO

Government of Sindh has initiated a multi-sector and multi-year Programme "Accelerated Action Plan (AAP)" for reduction of stunting and malnutrition in Sindh. Local Government Department is assigned to play its role for improvement of WASH facilities in the targeted rural communities.

The objective under WASH component in AAP is to reduce open defecation practices and improve hygiene promotion through hand washing in rural areas of Sindh. The program has been built upon CLTS approach. In this approach, through a process of participatory facilitation, community members analyze their own sanitation status, including the extent of open defecation and the spread of fecal-oral contamination that adversely affects each one of them. Once people are convinced about the need of sanitation, communities construct latrines on their own at the household level, according to their own capacity, and more importantly use it regularly with strong sense of ownership. This all needs a behavior change campaign for not only the use of sanitary toilets but also for hand washing with soap at critical times. The program is mainly to create awareness among communities through social mobilization and behavior change communication by hiring services of NGOs.

To implement the project, Local Government Department intends to hire the services of reputable and experienced registered NGOs working in Sindh in accordance to the provisions of Sindh Public Procurement Rules, 2010 (Amended in 2017) for starting the program in **Sukkur** district in 2017-18. The selected NGO will be having a target to make 600 selected villages as 100% Open Defecation Free (ODF) Villages in its assigned district. The selection of villages in the district will be finalized by District Coordination Committee with a view that the selected 600 villages cater approximately 70% of district's rural population. The key performance indicators are "Village Profiling, Number of Villages made, declared, verified and Certified ODF and Improvement in hand washing practices in ODF certified villages".
